 Lise Rivard | 320, chemin de la Rive Boisée, app. 704, Pierrefonds (Québec) H8Z 3M2

Rules

Volley-ball interior (18+)

Practice volleyball in a relaxed atmosphere. All must respect the rules of the Ile-Bizard Volleyball Association and an evaluation will be carried out for the acceptance of members.

Non member (visitor)

Anyone not registered for the regular periods during the registration evening will have to pay a fee of \$ 10 per participation, as long as there is a team with less than six (6) players. Non-members are subject to the same rules as members.

Member (participate in a period other than the one in which he initially registered)

A member who wishes to participate in a period other than the one in which he initially registered is subject to the same rules as the non-member player. It will cost him \$ 5 to play.

Unsportsmanlike conduct

At no time will the following behaviors be tolerated :

- › Verbal abuse (racist, sexist, abusive remarks, etc.)
- › Abuse
- › Failure to respect the premises and / or the equipment (broken equipment, wet boots in the gymnasium, etc.) and/or another player
- › Impaired faculties (drugs, alcohol, etc.)
- › Unwanted behavior and / or negative, disturbing attitude.

The manager will see to the application of these regulations in order to ensure the safety and well-being of the players. Anyone found at fault will be penalized. This penalty could go as far as Expulsion from the Association, in which case she would no longer be allowed to participate in any league activity. A person who has been expelled will not be reimbursed (registration fees, participation fees in an activity or any other amount that this person may have paid as part of or promotion of the AVIB). What's more, **an expulsion will result in a minimum suspension of 5 years, during which time the expelled person will not be allowed to re-register for league activities.**

Player safety and enforcement are the responsibility of the manager.

All must respect the rules of the Association Volley-ball Ile-Bizard.

An evaluation will be carried out for the acceptance of members and the assignment of the period of play.

Late

Any member who expects to arrive late for a game period should notify their manager in advance so that they can include you in team development. If you fail to notify your manager and show up AFTER the teams have been formed, you will not be allowed to play, **even if the teams are incomplete.**

Explanation : When one or more members show up late, it forces the manager to redo the teams, thus causing a waste of time that the members, those who arrive on time, must endure. Our managers do their best to create evenly matched teams and the late addition of a late member compromises this balance in addition to duplicating the manager's work.

Unjustified absence

A member who has indicated that he/she will be present and who plans to be absent for one or more periods of play must notify his/her manager. Otherwise, this will be considered as an "unexcused absence". **Any member who accumulates 3 unexcused absences or who has an attendance rate of less than 60% during the current year, will lose his right to pre-register for the following season.**

Explanation: we are regularly asked if there is room to play (request for non-member or member registered for another period). To know whether there will be room or not, we need to know who will be absent.

N.B. At the beginning of the year, the manager will indicate the deadlines to be respected in order to notify him of your delay or absence.

COVID-19

To be able to play, you will be required to present your vaccination passport at each gaming session for as long as required by Public Health. Thank you for your understanding and full collaboration

I hereby agree to respect and comply with the rules of the AVIB.
